

Core Services

- **Business Development** - We help our clients uncover the key leverage points that will drive the next round of growth.
- **Process Design** - We assist our clients in the analysis, documentation, and improvement of their current business practices.
- **Project Management** - We complete special projects that require a sense of urgency, and manage the work to a successful completion.

Partners needed to work with GMC to locate, extract, and deliver crucial competitive intelligence to improve sales and marketing. If you have a unique consulting solution and would like to partner we have identified plenty of business opportunities all over the country to bid on.

Contact Guy Madison @ 404-551-4697 or gmadison@gmglobalconsulting.com for more information.
